**Ashu Bedi**

Dear Ashu:

RE: **Invoice and letter of request** 15<sup>th</sup> March 2014

We are asking for your help to complete the building of the school for the Masai Tribe in the great Rift Valley ( Moreso) -Kenya. About 500 children can gain access to education as a result. These children were taught to be cattle herdsman from one generation to another. The school will have three large classrooms and two toilets. In the past they were learning under a tree. We will be spending around \$ 50,000.00 for the school as well as bringing sustainability to the whole village.

We have provided the tribe with a big cowshed and given them 50 more cows-by selling the milk they can pay for the teachers and school supplies in the future.

Because of the remote area and poverty there is no other way for the school to be self-sustaining. We will also be providing them with a water well and two big water tanks to store the water. Things like solar lights will also be provided to the village. Education in this region is of a great importance and this is accomplished with the school being built. Education will bring about the knowledge to improve the quality of life for not only the children but the adults as well. At the school the tribesman can learn better agricultural methods and how to survive the East African drought season. They can also learn about basic hygiene for the children.

You indicated to us that you can donate \$10,000.00cad dollars from the Sudesh Bedi memorial funds towards this worthwhile cause, which will greatly be appreciated. There will be a permanent sign at the school that will thank & honor the donors. The Sudesh Bedi Memorial Fund will be depicted on dedication sign.

You can remit the funds to our society account by a wire transfer to the following-

Royal Bank of Canada / 9919 Fairmount DR. S.E. Calgary, Alberta T2J 0S3

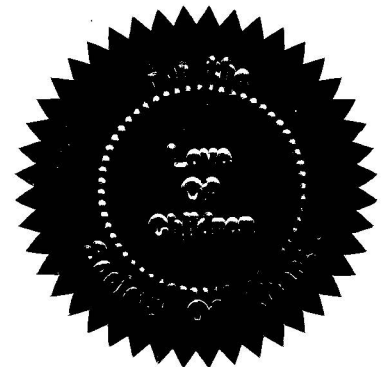

Transaction number 01819-003

Account number # 505-483-8

An official Tax receipt will be given by providing us with the mailing address

Once again the society and the Masai tribe thank you for all your help.

Ashid Kumar Bahl/President & Founder
